Danny Boy's is the slice joint of my childhood dreams: classic New York style pizza, thoughtfully prepared with passion. As a classically trained chef, I approach pizza with reverence. Pizza isn't fast food, it's one of America's most important dishes.

As for the name, 'Danny Boy' is what my pop called me, and 'Famous Original' is an homage to the parlor he brought me to growing up in New York City. There was nothing fancy about it, just a consistently delicious pepperoni pie and a warm and welcoming 'How you doin'?' from behind the counter.

LA is home to some of the greatest pizza in the world. I'm proud to join the community, striving daily to make the best pie I can.

Danny Boy's is a fully accessible restaurant welcoming all pizza lovers alike, without discrimination.
